INTRODUCING THE ALL-NEW TUCSON

The 2016 Tucson is an award-winning SUV that delivers sedan-like comfort in one mid-sized package. Enhanced at every angle, the Tucson has been engineered to impress both drivers and passengers alike, from its refined flowing exterior to its intuitively designed interior. Its bold presence ensures you won't find anything else like it on the road.

PERFORMANCE WITHOUT COMPROMISE

Performance is ever at the forefront in the hearts of Hyundai designers, and this is even more evident in the NU 2.0 MPI, the 1.6T GDi, and the 1.7 Executive and R2.0 Elite Diesel engines available in the Tucson range. The NU 2.0 MPI engine offers 115kW @ 6 200rpm and 196Nm @ 4 000rpm, while the 1.6T GDi engine delivers a punchy 130kW @ 5 500rpm and 265Nm @ 4 500rpm, delivering impressive throttle response and performance. Whereas, the 1.7 Executive Diesel MT engine offers 85kW @ 4 000rpm and 280Nm @ 2 750rpm, with the R2.0 Elite Diesel AT engine delivering a racy 131kW @ 4 000rpm and 400Nm @ 2 750rpm. With Hyundai's all-new manufacturer's warranty of 7-year/ 200 000km, breaking free on the open road has never been smoother. For performance enthusiasts seeking a brawnier driving experience with more horsepower, the all-new Tucson Sport is now also available – exclusive to SA. Completely kitted out with stylish front bumper, side skirts, rear diffuser and blacked-out 19" alloy wheels, its sporty appearance takes the standard Tucson good looks to a whole new level. The upgrade increases output by an impressive 20kW of power and adds a throatier 30Nm of unadulterated purr.

FLUIDIC SCULPTURE 2.0

Taking its inspiration from the flowing lines of nature, Hyundai's newest design philosophy, Fluidic Sculpture 2.0, is innovative styling at its best. Designed by world-renowned Peter Schreyer, the all-new Tucson's athletic form is more aerodynamic, delivering dynamic performance and leading-edge style at every turn.

INTUITIVE DASHBOARD

There's nothing quite like the seamless integration of all your favourite multimedia features on one long, flowing, well-organised dashboard with a multifunction steering wheel. Designed to convey a premium feel and intuitive audio experience, the ergonomic placement of multimedia technology, from a Radio Data System* and Bluetooth to USB, AUX and iPod connectivity, gives the Tucson's interior a stylish finish. *Only available in 1.6 models. What's more, a future-forward Infotainment system with Navigation comes standard in the 2.0 Diesel and Tucson Sport.

5-STAR EURO NCAP RATING

With the Tucson's impressive 5-star EURO NCAP rating, safety clearly comes first with Hyundai's newest vehicle. Setting the standard, the Tucson offers plenty of safety features, from 6 airbags that provide all occupants with excellent front and side protection, to Electronic Stability Program (ESP)*, an Anti-lock Brake system (ABS), and Electronic Brake-force Distribution (EBD), which affords the driver complete steering control, ensuring stability when it's needed the most. *Executive and Elite models only.

BLIND SPOT DETECTION (ELITE MODEL ONLY)

The Tucson's dedication to safety is further enhanced with Blind Spot Detection (BSD). This system displays a visual warning in the side mirrors when a vehicle approaches the Tucson's rear blind spot, while Lane Change Assist increases the effectiveness of the BSD by giving an audible warning when the indicator is used. Adding more value is the rear cross-traffic alert, which warns drivers of approaching cross-traffic, ensuring you'll never be blind-sided.

CONVENIENCE THAT DRIVES YOU

With free reign to offer premium comfort for everyday travel, Hyundai went the extra mile to enhance your convenience with the 2016 Tucson. Equipped with an on-board computer and Cruise Control*, these features ensure day-to-day travelling, as well as long distance trips, happen stress-free. It doesn't stop there. The Tucson also offers glove box cooling*, a rear view camera, electric seats*, and a Dual Zone air-conditioner* for extra comfort. *Executive and Elite models only.
